

# Delivering a Captive Audience

National, regional and local advertisers are using AllOver Media gas pump advertising to maximize their exposure in the marketplace. 70% of consumers are now paying at the pump, spending 3-5 minutes as a captive audience while your advertising message is less than a few feet away. Advertising is viewable 24/7 - averaging 116,550 impressions per station per month.

From start to finish, AllOver Media is in complete control of your investment. We are the ONLY company with a network of local market operators across the country. These local operators provide the best possible execution of your campaign. We are the gas pump advertising experts.

With this credit card, gas actually costs less.

Save up to 10¢ when you pay at the pump with your AllStar Platinum Plus Card. Save 2¢, 3¢... 15¢ or more on every gallon you buy. To get our rates, visit [allstar.com/rewards](http://allstar.com/rewards)
